LEARNING FOR LIFE AND LOVING IT!

LEARNING STYLES—KEY TO UNDERSTANDING

TEACHING MULTI-LEVEL

HIGHSCHOOL—GATEWAY TO THE FUTURE

This day long seminar will help parents grow in confidence, specifically as they use the UNIT STUDY method of teaching. Many parents want to teach this way but are overwhelmed with the planning and implementing of the curriculum.

Diane will give 'hands-on' practical tips to make lessons come alive for parents and kids. As one parent recently said, "I feel like I'm in Teacher's College! I am just soaking this all up."
